RIDING TOUR & TRACK TRAINING – THE BEST OF MOTORCYCLING

Fancy setting off with fellow motorcycling enthusiasts for two days of pure riding pleasure, all on your own bike? The new Riding Tour & Track training programme from BMW Motorrad Experience offers you a dream package. Day one begins with a breathtaking tour through the foothills of the Bavarian Alps to Salzburg and ends with a night in a 4-star hotel. And the following day, you'll be able to practise riding safety, bike control and special cornering techniques at the legendary Salzburgring. By knowing where to look and adopting the correct posture, you will master the track while perfecting various cornering styles, from leaning and hanging off to "kissing the mirror". The highlight of the package is an exclusive opportunity to test out² the current BMW S 1000 RR superbike on the track.
