

HOW TO GET TO SAALFELDEN.

BY CAR VIA THE A 8 AND A 93 MOTORWAYS.

DIRECTIONS.

The best way to get to Saalfelden and the "Gut Brandlhof" hotel is to first take the A 8 motorway to Rosenheim before changing to the A 93 motorway at the Inntal interchange and leaving it at exit 59 for "Oberaudorf". Then follow the B 172, the "Erpfendorfer Landesstraße", the B 178 and the B 311 until you reach the district of Hohlwegen in Saalfelden am Steinernen Meer (Austria). Follow the road until you see the sign for "Brandlhof" and take a left turn at the sign. Take the third exit off the roundabout then drive past the ÖAMTC Fahrtechnik Zentrum (Driving Training Centre) Saalfelden/Brandlhof. The hotel is located a short distance further on the right. The distance from Munich to Saalfelden is approx. 150 km (93 miles).

! Please note: A "vignette" (road tax disc) is compulsory when driving on Austria's motorways. This can be purchased at border crossings into Austria.
